

## **CURRICULUM VITAE**

NAME: Alok BHARGAVA  
DATE OF BIRTH: 13 July 1954  
NATIONALITY: U.S./ Indian  
CURRENT POSITION: Professor, University of Maryland School of Public Policy, College Park, MD 20742-1821  
TELEPHONE:  
Office (301) 405-4764  
Fax (301) 403-4675  
E-MAIL: Bhargava@umd.edu

### **EDUCATION**

YEAR	DEGREE	INSTITUTION	SUBJECTS	CLASS
1974	B.A. (Hons.)	Delhi University	Mathematics	First class
1977	B.Sc. (Econ.)	London School of Economics	Economics	First class
1978	M.Sc. (Econ.)	London School of Economics	Econometrics	Distinction
1982	Ph.D.	London School of Economics	Econometrics	

### **PH.D. THESIS**

"The Theory of the Durbin-Watson Statistic with special reference to the Specification of Models in Levels as against in Differences," 1982. Advisor: John Denis Sargan.

### **RESEARCH FIELDS**

Econometric Theory, Applied Econometrics, Applied Microeconomics, Food policy, Development Economics, Economic demography, Environmental sciences, Behavioral nutrition, Nutritional Epidemiology, Obesity, Health Economics, Health and Law, Child Development, Psychometric Methods, Corporate finance, Climate Change.

## **PREVIOUS AND CURRENT POSITIONS**

- 1983-1989 Assistant Professor of Economics, University of Pennsylvania.
- 1989-1993 Associate Professor of Economics, University of Houston.
- 1993-2012 Professor of Economics, University of Houston
- 1995, Fall Visiting Professor, Harvard University.
- 1990-2013 Adjunct Professor, University of Texas School of Public Health- Houston
- 1998-2012 Faculty Affiliate, Women's Studies, University of Houston.
- 1999 Senior Global Health Leadership Fellow, World Health Organization, Switzerland.
- 2005- Visiting Professor, University of Paris 1, France.
- 2006- 2012 Extraordinary Professor, University of Free State, South Africa
- 2009- Faculty Affiliate, Texas Obesity Research Center
- 2013- Faculty Associate, Maryland Population Research Center
- 2016- Faculty Associate, Center for Global Sustainability, University of Maryland

## **BOOKS**

1. A volume of collected papers: *Econometrics, statistics and computational approaches in food and health sciences*. World Scientific Publishing Company, 2006. (<http://www.worldscibooks.com/economics/6140.html>)
2. *Food, economics and health*. Oxford University Press, 2008. (<http://www.oup.com/uk/catalogue/?ci=9780199269143>)

## **EDITORIAL SERVICE**

- Editor, *Journal of Econometrics*, special issue: *Analysis of data on Health*, 1997, Vol 77, No.1.
- Editor, *Journal of Econometrics*, special issue: *Analysis of data on Health: 2*. 2003, Vol 112, No.1.
- Editor, *Journal of Econometrics*, special issue: *Analysis of financial data*, 2014, Vol 183, No. 2.
- Founding Editor(s): *Economics and Human Biology*

## PAPERS UNDER CONSIDERATION FOR PUBLICATION

1. **Bhargava, A.** “Dynamic modeling of systolic and diastolic blood pressures of subjects in the Women’s Health Trial: Feasibility Study in Minority Populations”.

## PEER-REVIEWED PUBLICATIONS

1. **Bhargava, A.**, Booyesen, F., and Walsh, C. “Health status, food insecurity, and time allocation patterns of patients with AIDS receiving antiretroviral treatment in South Africa”, *AIDS Care*, 2017 (in press).
2. **Bhargava, A.**, and Tan, X. “Internal migration, divorce and well-being in China”, *Journal of Biosocial Science*, 2017 (in press).
3. **Bhargava, A.** “On the importance of demographic variables and longitudinal data analyses in climate change research”. E-letter, *Science*, 2016:  
<http://science.sciencemag.org/content/353/6304/aad9837/tab-e-letters>
4. Bangdiwala, S., **Bhargava, A.**, O’Conner, D. et al. “Statistical methodologies to pool across multiple intervention sites”, *Translational Behavioral Medicine*, 2016, 228-235.
5. **Bhargava, A.** “Protein and micronutrient intakes are associated with child growth and morbidity from infancy to adulthood in the Philippines”, *Journal of Nutrition*, 2016, 146, 133-141.
6. **Bhargava, A.** “Diet quality, child health and food policies in developing countries”, *World Bank Research Observer*, 2015, 30, 247-246.
7. **Bhargava, A.** “Population health and economic development: Time frames and policy goals”, *Demography India*, 2015, 44, 147-151.
8. Connor, D.P., Lee, R.E., Mehta, P., Thompson, D, **Bhargava, A.**, et al. “Childhood Obesity Research Demonstration Project: Cross-site evaluation methods”, *Childhood Obesity*, 2015, 92-103.
9. **Bhargava, A.** “Profits without prosperity”, *Harvard Business Review*, November, 2014, p.24.
10. **Bhargava, A.** “Introduction to Analysis of Financial Data”, *Journal of Econometrics*, 2014, 183, 147-149.
11. **Bhargava, A.** “Firms’ fundamentals, macroeconomic variables and quarterly stock prices in the U.S.”, *Journal of Econometrics*, 2014, 183, 241-250.

12. **Bhargava, A.** Guntupalli, A.M., Lokshin, M., and Howard, L. Modeling the effects of immunizations timing on child health outcomes in India”, *Health Economics*, 2014, 23, 606-620.
13. **Bhargava, A.** “Physician emigration, population health and public policies”, *Journal of Medical Ethics*, 2013, 39, 616-616;  
“Quantitative analyses, ethical quandaries and policy debates: A rejoinder”:  
<http://jme.bmj.com/content/early/2013/05/30/medethics-2013-101409/reply>
14. **Bhargava, A.** “Iron status, malaria parasite loads and food policies: Evidence from sub-Saharan Africa.” *Economics and Human Biology*, 2013, 11, 108-12.
15. **Bhargava, A.** “Executive compensation, share repurchases and investment expenditures: Econometric evidence from U.S. firms”. *Review of Quantitative Finance and Accounting*, 2013, 40, 403-422.
16. **Bhargava, A.** “Modeling the effects of birth weight and size on child anthropometric measures in India”, *Demography India*, 2011, 40, 22-23.
17. **Bhargava, A.**, Guntupalli, A.M., and Lokshin, M. “Healthcare utilization, socioeconomic factors and child health in India”, *Journal of Biosocial Science*, 2011, 43, 701-715.
18. **Bhargava, A.**, F. Docquier, and Y. Moullan “Modeling the effects of physician brain drain on human development indicators”, *Economics and Human Biology*, 2011, 9, 172-183.
19. **Bhargava, A.** “Preventive Nutrition” , *Journal of American Medical Association*, 2010, 304, 1014.
20. **Bhargava, A.** “An econometric analysis of dividends and share repurchases by U.S. firms”, *Journal of the Royal Statistical Society A*, 173, 631-656.
21. **Bhargava, A.**, Booyesen, F. “Healthcare infrastructure and emotional support are predictors of CD4 cell counts and quality of life indices of patients on antiretroviral treatment in Free State Province, South Africa”, *AIDS Care*, 2010, 22, 1-9.
22. **Bhargava, A.** “Randomized controlled experiments in health and social sciences: Some conceptual issues”. *Economics and Human Biology*, 2008, 6, 293-298.
23. **Bhargava, A.**, Jolliffe, D., and Howard, L. “Socioeconomic, behavioral and environmental factors predicted body weights and household food insecurity scores in the Early Childhood Longitudinal Study-Kindergarten”, *British Journal of Nutrition*, 2008, 100, 438-444.

24. **Bhargava, A.**, and Docquier, F. “HIV pandemic, medical brain drain and economic development in sub-Saharan Africa”, *World Bank Economic Review*, 2008, 22, 345-366.

## **BOOK CHAPTERS:**

1. Bouis, H., **Bhargava, A.** and Scrimshaw, N. (2002). “Effects of diet in improving iron status of women: role for food-based interventions”. In *Household decisions, gender and development*, edited by A.R. Quisumbing. John Hopkins University Press.
2. Keusch, G., Fontain, O., **Bhargava, A.**, et al. (2006). “Diarrheal diseases”. In *Disease control priorities in developing countries*, edited by Dean Jamison et al. Oxford University Press.
3. **Bhargava, A.** (2010), “Globalization, literacy levels and economic development”. In *The poor under globalization in Africa, Asia, and Latin America*, edited by M. Nissanke and E. Thorbecke. Oxford University Press.
4. **Bhargava, A.** (2013). Dividend payments and share repurchases of U.S. firms: An econometric approach. In *Handbook of Financial Econometrics and Statistics*, edited by C.-F. Lee, Springer.

## **FUNDED RESEARCH**

### **FUNDED PROJECTS IN PROGRESS**

“Best evaluation tools and techniques for effective recommendations and policies”. Center for Disease Control. 9/2011-9/2016, budget \$4,249,997; Role: Co-investigator.

“Diet quality and child health in developing countries”. Harvest Plus, International Food Policy Research Institute; Role: Principal Investigator. 2/1/2013-.

### **FUNDED PROJECTS COMPLETED (PI projects only)**

1990-92: “Consumption patterns in south India”. The World Bank.

1993-94: “Nutrition and time allocation in Rwanda”. The World Bank.

1994-96: “Child development in Kenya”. The World Bank.

1997-98: “Development of Kenyan children and labor productivity in Kenya”. Organization of Economic Cooperation and Development.

1999-2000: “Modeling the effects of health on economic growth”. World Health Organization.

2000-01: “Iron deficiencies in Bangladesh”, International Food Policy Research Institute.

2000-01: “Nutrition and economic development”, Pan American Health Organization.

2000-01: “Child development in Tanzania”, World Bank.

2000-02: “Diet and obesity in Women’s Health Trial: Feasibility Study in Minority Populations”, U.S. Department of Agriculture, \$121,000.

2002-03: “Determinants of food use in the National Food Stamp Program Survey”, U.S. Department of Agriculture, \$35,000.

2002-04: “Diet and behavior in the Women’s Health Trial: Feasibility Study in Minority Populations”, National Cancer Institute, \$148,500.

2002: “Water contamination and child health in Bangladesh”, International Food Policy Research Institute.

2002-05: “Healthcare infrastructure, fertility and infant mortality in Uttar Pradesh”, World Bank.

2004: “Effects of high-yield variety vegetables on consumption in Bangladesh”, International Food Policy Research Institute.

2004-05: “Effects of anti-retroviral treatment on labor productivity in South Africa”, World Bank.

2005: “Poverty and fertility in Ethiopia”, World Bank.

“Analyzing the Effects of Quality of Health Care and Family Planning Services on Fertility and Infant Mortality in India”, Research Committee, The World Bank, 5/1/02-6/30/05, Role: PI.

“Nutrition and child health in Bangladesh”, International Food Policy Research Institute, 03/2004-12/2006. Role: PI.

“Dynamics of body weight in the Early Childhood Longitudinal Study- Kindergarten”, Economic Research Service, US Department of Agriculture, budget: \$29,000, 6/1/06-8/31/07.

“HIV prevalence, migration of healthcare staff and economic activity in Africa”, World Bank, 1/1/06-12/31/06.

“AIDS epidemic, antiretroviral therapy and household welfare in Free State Province, South Africa”, Research Committee, 1/1/2006-12/31/2010 The World Bank, Role: Co-PI.

## **RESEARCH CONSULTANCIES**

The World Bank; National Cancer Institute; Organization for Economic Cooperation and Development; Asian Development Bank; World Health Organization; Pan American Health Organization; International Food Policy Research Institute.

## **REVIEW PANELS**

National Institutes of Health: Social Science Panel.

National Institutes of Health: Special Emphasis Panel.

U.S. Department of Agriculture: FANRP panel.

Center for Disease Control: Special Emphasis Panel

National Institutes of Health: Challenge Grants in Health and Science Research Panel

National Institutes of Health: Dissemination and Implementation Research in Health

## **PROFESSIONAL AFFILIATIONS**

Member of the American Society for Nutritional Sciences, Econometric Society, Population Association of America. Fellow of the Royal Statistical Society.

## **TEACHING EXPERIENCE**

Undergraduate courses in econometric theory and applied econometrics.

Graduate courses in food policy, economics and health, development economics, statistics, simultaneous equations, time series.

## **Graduated Ph.D. students.**

1992 Jiang Yu

1997 Jin Soo Kim

2003 Yong Woon Cho

2003 Sharon O'Donnell (Post-doc)

2005 Melanie Fox-Kean

2007 Aliaksandr Amialchuk

2008 Larry L. Howard

2016 Xiayun Tan
