TIME USE DATA FOR HEALTH AND WELL BEING

June 21-23, 2021
University of Maryland
College Park

Virtual Conference

Time is one of the most valuable and contested resources in contemporary societies. Analyses of variation in daily time use patterns over time, space, and social groups is needed to advance understanding of determinants and consequences of time use for well-being. The revisioned 2021 UMD Time Use Conference will give members of the growing interdisciplinary time use research community the opportunity to interact and share ideas through a series of virtual presentations

- » Three days
- » Two-three sessions per day, with breaks
- » Networking events

Registration and participation instructions will be provided

Cosponsored by Eunice Kennedy Shriver National Institute of Child Health & Human Development (NICHD), Maryland Population Research Center (MPRC), Minnesota Population Center (MPC), and Maryland Time Use Lab (MTUL).

Updates about the conference will be posted at :
go.umd.edu/timeuse-2021
